

INVITATION

SEALS, SHORES, AND SUSTAINABILITY

*Protecting monk seals in a changing world –
In protected areas and beyond*

June 11, 2025
11h00 - 12h30

Mama Shelter,
21 Bd Riquier,
06300 Nice

As human activity and tourism rise, experts will explore innovative strategies for coexistence—blending habitat protection, policy, ecotourism, and public engagement to secure a future for one of the most endangered marine species.

Panel 1 - Turning the tide: Strengthening protection of marine ecosystems and species in a changing Mediterranean

Panel 2 - Seal Greece: A bold alliance for habitat protection and co-existence
